## THE SCORING SYSTEM

Men's college gymnastics elected to adopt the International Gymnastics Federation's (FIG) "Code of Points" as its new scoring system starting in 2008. Previously, the program had been using a modified version in the 2006 and '07 seasons which still put a maximum value of 10 points on each routine. In the newly adopted system, a gymnast's final score will be the sum of his Difficulty and Execution Scores. The scores for each routine will be open-ended with most scores earning between 13-16 total points depending upon the apparatus.

## DIFFICULTY SCORE

The Difficulty Score will award gymnasts points for the difficulty and technical content of a routine. One judge will be on the D Panel and will be responsible for crediting the athletes for connections (two high-level skills that are connected) and for completing element group requirements. The nine most difficult skills and dismount will account for the Difficulty Score. All skills have a set value and are categorized into six groups depending upon the difficulty aspects of the element. Connection values can be earned on floor, rings and high bar for an extra 0.1 or 0.2 points.

## EXECUTION SCORE

The Execution Score will be decided by a two to four person E Panel. Beginning with 10 points, deductions for errors, faults in execution and presentation will be made by all judges independently. The Execution Score will be computed by taking a varied average of the E Panel marks. The range of deductions will be from 0.1 point for a small error and 1.0 point for a fall.

## RUSTAM SHARIPOV

**HEAD COACH**  
KHARKOV, UKRAINE  
FIRST SEASON

Rustam Sharipov (roos-TOM SHARE-ee-pahv) was named the head coach for the Ohio State men's gymnastics team. Heather Lyke, associate athletics director for sport administration, announced this summer. Sharipov, who has been an assistant coach at the University of Oklahoma the last six seasons, brings the experience of three Olympic medals, including two golds, to Columbus as the eighth head coach in program history.

Sharipov, a native of Kharkov, Ukraine, was named 2006 National Co-Assistant Coach of the Year, helping the Sooners claim the NCAA Championship that year. In 2008, Sharipov helped guide the team to a second national title and was named co-assistant coach of the year for the second time in his career. In 2011, he was named the CGA West Region Assistant Coach of the Year, leading the Sooners to a NCAA runner-up finish in the team finals April 15 at St. John Arena in Columbus.

"First of all it's a tremendous honor for me to be a head coach at such a successful school," Sharipov said. "It is one of the best schools in the country. The Ohio State University has its own traditions and history and I am going to try and keep the traditions and the program going and to regain its position on top of the NCAA level."

After retiring from competitive gymnastics in 2000, Sharipov moved to the United States and began his coaching career at the Bart Conner Gymnastics Academy in Norman, Okla. After one year, Sharipov accepted a coaching position at the Houston Gymnastics Academy where he worked with some of the top gymnasts in the nation, including U.S. National Team members Sean Townsend and Todd Thornton. In 2004, he was the head coach for the U.S. team that won the gold medal at the Junior Pacific Alliance Competition and in 2002 was the coach of the U.S. team that took gold at the Junior Pan American Games.

As a gymnast, Sharipov began his competitive career as the Soviet junior national champion in 1989 before bring home the all-around championship at the 1990 U.S. Olympic Cup. Sharipov helped the Unified Team to an Olympic Gold Medal at the 1992 Barcelona Olympics. He put on a show at the 1992 European Championships, winning high bar and taking second on parallel bars. Sharipov also took first on parallel bars at the CIS Championships and the DTB Cup, and added a high bar championship at the Tokyo Cup.

In 1993, Sharipov continued his success, taking first in the all-around at both the Nikon International and the International Championships of Romania, along with a third-place finish in the event at the European Cup. At the 1994 World Championships, Sharipov was a member of the third-place team and was the runner-up on parallel bars.

In 1995, after winning championships on parallel bars at the French International and the Cottbus International along with an all-around title at the International Championships of Romania, Sharipov had an impressive showing at the European Cup, winning gold on high bar and parallel bars. He followed that up in 1996 with perhaps the best year of his career, taking first on parallel bars at the European Championships before adding the championship on the apparatus at the World Championship.

The crowning moment came in 1996 in Atlanta, Ga., where Sharipov won the Olympic gold medal on parallel bars and was a member of the bronze-medal Ukrainian team.

A 1997 graduate of Kharkov State in Ukraine, Sharipov was awarded the title of Master of Sport in 1992. The honor represents the highest athletic level one can reach in the former Soviet Union.

Sharipov, and his wife, Amber, have three daughters, Ksenia, 8, Maya, 6 and Isabella, 4.

The couple also welcomed their newest addition to the family, Raistlin Sharipov, April 12, 2011.

# 2011 MEET RESULTS

## NCAA INDIVIDUAL EVENT FINALS APRIL 16, 2011, COLUMBUS, OHIO

Highlighted by senior co-captain Brandon Wynn's second national championship on rings, the Ohio State men's gymnastics team had an outstanding night in front of its home crowd at the 2011 NCAA Individual Championships at St. John Arena. Wynn, Ty Echard, Kris Done and Jeff Treleaven all earned All-America honors. In all, the seven All-America honors tie the second-best single-season performance in program history and are the most laurels since the 2005 campaign.

In his last competition in the Scarlet and Gray, Wynn accomplished a feat just one other gymnast in Ohio State history had done before - win back-to-back national championships on rings. He won his second career NCAA title with a 16.000 joining former U.S. Olympian Blaine Wilson as the only two Buckeye gymnasts to do so.

Not only did he excel on rings, Wynn claimed All-America honors on high bar and parallel bars, finishing eighth on both events with a 14.450 and 14.250, respectively. The 2011 Nissen-Emery Finalist becomes the first Buckeye to collect six career All-America honors since former Buckeye DJ Bucher (2005-08).

After staring down the pommel, Echard delivered a clean routine the judges awarded a 15.250. His score was good for third at the 2011 NCAA Championships, making him a two-time All-American.

Done, earned his first career All-America honor, scoring a 15.000 on high bar for fifth place overall. The talented freshman joins Treleaven as the first Buckeye rookies to earn All-America status since Steven Spencer in 2009.

Treleaven, also earned his first career All-American honor, notching a 16.100 score on vault for third place.

# THE NISSEN-EMERY AWARD

## THE NISSEN-EMERY AWARD

Each year, the prestigious Nissen-Emery Award is presented to the outstanding senior male collegiate gymnast in the nation.

Penn State's Casey Sandy was the recipient last season.

In addition to gymnastics excellence, the winner also must fulfill the following requirements:

He must be an example of good sportsmanship and fair play – a champion in defeat as well as in victory.

He must maintain a high standard of scholarship throughout his college career.

The award is inscribed with the motto:

"The true champion seeks excellence physically, mentally, socially and morally."

College gymnastics coaches, student-athletes and accredited college gymnastics judges across the nation are requested to submit nominations.

Gymnasts receiving the highest number of nominations are placed on a final ballot and voted upon by those same coaches, student-athletes and judges.

## GEORGE NISSEN

The award is named after George Nissen, a world class athlete and inventor, who was a three-time national tumbling champion from 1935-37.

Nissen is most widely recognized for his invention of the trampoline, which was used for recreational purposes at schools across the country in the 40's and also was used to train and condition Navy pilots during World War II.

Following the war, Nissen started the Nissen Trampoline Co., which eventually became Nissen Corp., the world's largest supplier of gymnastics equipment.

He is the honorary President of the International Federation of Trampolining and in 1993, was elected Vice President of the International Federation of Sports Acrobatics.

He was the founder of the Nissen Cup in Switzerland and the recipient of the Distinguished Service Award of the President's Council on Fitness and Sports.

At age 70, he founded Nissen Sports Academy, which continues to develop new fitness products. He is the owner of more than 30 patents in the field of sports and fitness.

Nissen has received numerous awards throughout his life, and the 91-year-old competitor was the 2000 honoree for the Senior Fitness Award from the California Governor's Council on Physical Fitness and Sports.

## ROBERT EMERY

In 1998 Dr. Robert W. Emery, the 1969 winner, agreed to help the College Gymnastics Association (CGA) finance the redesigning of the award and establish an endowment that would indefinitely cover the annual expenses associated with it.
